Date of Hearing: February 2, 2009

The following constitutes the reasons for this bill and the purposes which are sought to be accomplished thereby:

This bill provides that the Department of Motor Vehicles shall design specialty license plates for interested groups, organizations or individuals when at least five hundred prepaid applications are received for that type of plate within two years after the applications for that type of plate are made available to the public or unless the Legislature specifically authorizes the manufacture of that type of plate.

The department shall make forms for application for such plates available through the county treasurer or other designated county official in each county. Each application for initial issuance or renewal of the specialty plate will require a fee of \$75. These fees shall then be remitted to the State Treasurer who shall then credit \$5 of this fee to the Department of Motor Vehicles Cash Fund and \$70 of this fee to the Highway Cash Fund.
